Saturday, March 12
5:30 – 9 pm
Bring your smallest scientists to the Science Center for an evening of themed activities just for kids ages 2–6!

You and your preschoofer will experience make-and-take activities, story time, and a live theater show.

Plus, enjoy four floors of exhibits and a snack. The evening wraps up before bedtime.

Register today!
412.237.1637

Cost: $15 per child, $10 per adult

Kids are encouraged to wear their pajamas!

For older kids, check out Science Sleepovers for a night at the museum!
CarnegieScienceCenter.org
Preschool Adventures
Designed around themes for little explorers (ages 3–5) and their adult helper on select Mondays from 1 – 2 pm.
Cost: $10 members / $12 non-members

March 14 Peg + Cat
Join PBS KIDS’ Peg + Cat for a totally awesome hour of math, music, and fun! We’re counting on YOU to help them solve some REALLY BIG problems using measurement, estimation, sorting, and creativity.

April 18 Bug Out
Get up close with our six-legged friends and discover some incredible facts about these creepy, crawly critters.

May 9 Move It
Combine science and movement by walking like an animal, playing planet hopscotch, and navigating through a sensory obstacle course.

Preschool Semesters
Kids (ages 4–5) get ready for school and dig into important science topics on select Tuesdays from 10 am – noon.
Cost: $50 members / $65 non-members

Semester II: Science on the Farm
March 29; April 5, 12, 19, 26
Explore what life is like down on the farm! Learn all about farm animals, see how crops grow, and discover everything that comes from a farm.

Registration is required for all programs.
Call 412.237.1637 to register.

Carnegie Science Center welcomes all visitors.
